

When penalized in tech during pre-tech, the penalty will now be the following:  
You will get 2 laps of qualifying as usual, but we will count your slowest time.

When coming through tech, there will be a maximum of 25 lbs in the left side tires.

New cars with new tires that owe us laps. It will be based on the previous night's race or races.  
You will owe 35 laps if the previous race was a single 35 laps and 70 laps if the previous races were a twin 35 lapper.

Cars that fall out of the first twin race will receive no penalty and will start where they are assigned for the second twin race.

Cars that fail to meet the total laps run in the previous night of races will owe laps if they fail to run 2/3's of the total laps run. For example: If Twin 35's were run, you would owe laps until you have 50 laps on your tires.

All laps that are owed must run at race speeds to be counted.

Single 35 Lap races - You must have run 24 total laps or you owe us laps.

Twin 35 Lap races - You must have run 50 total laps or you owe us laps.

Last Rule: No tires in the tire line until the day off the Race.
